World Language Spanish at Gateway

What are the guiding principles or goals of the program?

Students will develop all modes and skills of the language-- listening, reading, writing and speaking-- at the specified proficiency level. Communication is emphasized, and students learn that making mistakes is a necessary part of the process. Students will learn about the products, perspectives and practices from different Spanish-speaking cultures to help students understand and connect with others.

What are the power standards emphasized in all grades?

The Spanish department emphasizes the GHS school-wide Reading Power Standard across all levels. The Spanish department at Gateway adheres to the ACTFL national standards for language learning and the California World Language standards. Each Spanish class focuses on the proficiency standards that are appropriate for the level of learning.

What are the key practices across all grades?

In-class experiences model real life situations. Students will be challenged to use Spanish as much as possible during class. Reading and listening strategies will be developed throughout the program.

Heritage Spanish at Gateway

What are the guiding principles or goals of the program?

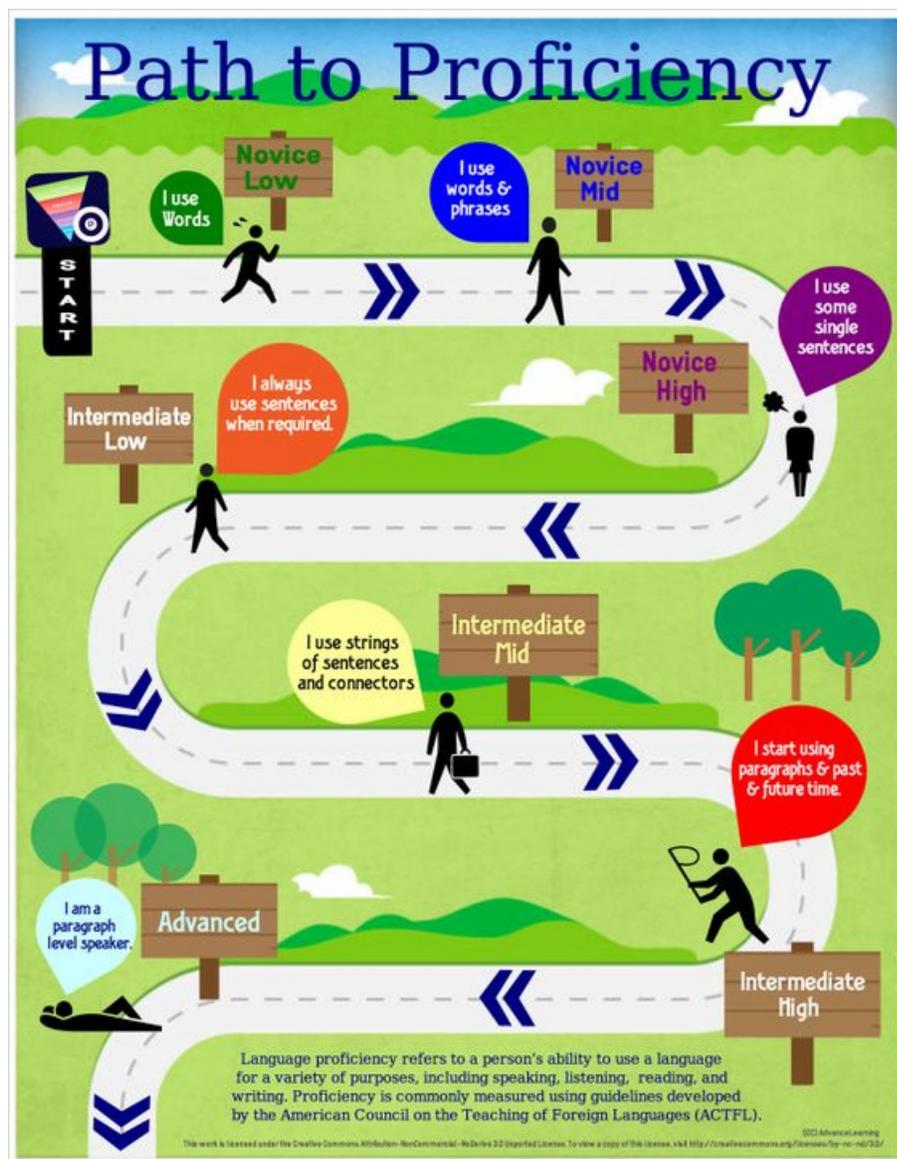

Students will develop all modes and skills of the language-- listening, reading, writing and speaking-- at the specified proficiency level. Communication is emphasized, and students learn that making mistakes is a necessary part of the process. The Heritage Spanish program will build on students' existing Spanish language skills and further develop their biliteracy. Through course content, students will take pride in their language and culture as Spanish speakers. They will think critically and reflect on their identity as Latinxs in the United States in order to be better equipped to advocate for themselves.
